Dear Maureen:

Congratulations to the IAPA in reaching its 90th anniversary, a milestone achievement! The IAPA has become an Ontario, indeed a Canadian, icon for its leading-edge health and safety initiatives. These initiatives are highly regarded and have literally saved lives while transforming the landscape of corporations, which have adopted the IAPA's philosophy and have consequently made their workplaces safe, healthy and more productive environments.

The dedication, tireless efforts and exceptional leadership of its President and CEO, Maureen Shaw, and her dedicated, highly professional staff over the years, have truly positioned the IAPA as a first-class, internationally recognized organization, one with which Medisys Health Group is proud to be associated, and we very much look forward to working closely together for many years to come!

Congratulations once again and best wishes for another 90 years of continued success and innovation!

Sincerely,

Glenn Carmen
